

Dear Sponsor:

For the last 19 years the NACE (National Association of Corrosion Engineers) Arizona Section has sponsored the “Richard Patterson Memorial Golf Tournament”. The proceeds from this tournament go to the NACE Arizona Section Scholarship Fund.

The funds raised are used to sponsor scholarships at each of the 3 major universities in Arizona. The scholarships are for underprivileged students who are working toward obtaining a degree in Engineering. The recipient is chosen by the Dean of Engineering from each university.

Tournament sponsorship is a vital component of our continuing ability to offer these scholarships. At this time we are asking you to consider a \$250.00 contribution to sponsor a hole for the tournament. As in previous years, we will be placing sponsor signs at tee boxes on the course, and sponsors will also be recognized at the golf luncheon. This is a great way to advertise your company!

The tournament is scheduled for June 14th, 2019 and will be held at Continental Country Club G.C. in Flagstaff, AZ. Flyer is attached.

We are asking for your continued support so we can keep this tradition thriving! Your assistance and contributions are greatly appreciated. Please, also consider getting a foursome together and playing a round of golf with us! For your convenience, the tournament signup sheet is also attached.

**For your convenience donations are accepted at <http://www.naceazsection.org/>
Just look for the “Sponsor a Hole” button.**

You may also send donations to the attention of John Pesock at the address listed below.

Please make checks payable to: NACE Arizona Section

Thank You,

John Pesock
